

Sight Plus Wedge Accessory

94346

Thank you for purchasing this accessory. Please read the instruction carefully before use to ensure safe and satisfactory operation of this product. Please retain these instruction for future reference.

Warning

Please read these instructions carefully before commencing any work

This unit must be fitted by a competent and qualified electrician.

Waste electrical products should not be disposed of with household waste. Please recycle where facilities exist. Check with your local authority or retailer for recycling advice.

Installation

This accessory is suitable for use with the Sight Plus LED Light 91146 and allows the products to be fitted to ceilings, providing a clear view in an emergency. It is supplied with self adhesive emergency sign kits (more details below).

For electrical safety information, please refer to the original Sight Plus LED Light instruction manual.

Note that the switch is turned off before installation.

- Unscrew the diffuser that is supplied with 91146 and set aside. Keep safe for refitting in future (if desired). Keep screws safe for fitting wedge accessory in place.
- Place the wedge accessory so it is flush against the front panel of 91146 and the fixing holes line up. Secure the wedge accessory in place by fitting the screws set aside earlier. Do not overtighten.
- This accessory is supplied with 4 self adhesive emergency sign. Please refer to drawings on the right. The 4 top signs are the ones which are supplied. The layouts below the arrows show the different combinations that can be made from the signs that are supplied. Choose your preferred sign combination and stick them neatly onto the outside of the wedge accessory.

Technical data

Conformity with all relevant UKCA Directive requirements.

Conformity with all relevant EC Directive requirements.

Waste electrical products should not be disposed of with household waste. Please recycle where facilities exist. Check with your Local Authority or local store for recycling advice.

Care and Safety

We recommend cleaning with a soft dry cloth. Do not use solvents or abrasive cleaners as these could damage the finish.

For your safety, always switch off the power supply before cleaning.
