A classic light fixture from Nordlux, suitable for mounting in the driveway, at the entrance, on the terrace, or on the patio. Beautiful 2-metre-tall garden light, whose simple and classic design makes it very useful. The light can be placed at an entrance or along walkways.

The galvanised finish makes the light fixture resistant to the Nordic climate. We recommend light fixtures in galvanised steel for coastal areas. It is possible to purchase a base for pillar lighting appropriate for this product.
